December 12, 2024

To the Citizens of the Town of Wallingford, Connecticut
Honorable Mayor Vincent Cervoni and
Members of the Town Council

I am pleased to submit the Annual Comprehensive Financial Report (ACFR) of the Town of Wallingford, Connecticut (the Town) for the fiscal year ended June 30, 2024. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Town. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner to present fairly the financial position and results of operations of the Town. All disclosures necessary to enable the reader to gain an understanding of the Town's financial activities have been included.

The Town is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), as well as the Connecticut Single Audit Act. Information related to these single audits, including the schedule of expenditures of federal awards and State financial assistance, findings and recommendations, and auditor's reports on the internal control structure and compliance with applicable laws and regulations, are issued under separate cover and are not included in this report. Copies of the reports are on file in the Town Clerk's office.

CliftonLarsonAllen LLP, Certified Public Accountants have audited the financial statements of the Town of Wallingford. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town for the fiscal year ended June 30, 2024 are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Town's financial statements for the fiscal year ended June 30, 2024 are fairly presented in conformity with accounting principles generally accepted in the United States of America (GAAP). The independent auditors' opinion is presented as the first component of the financial section of this report. Included in the audit report is a section called Management's Discussion and Analysis, which provides an overview of the Town's financial activities for the fiscal year ended June 30, 2024.

PROFILE OF THE TOWN

Wallingford was settled in 1638 and incorporated in 1670. A separate borough of Wallingford was incorporated in 1853, and on June 3, 1957 the Borough and Town voted to consolidate effective January 1, 1958. The Town serves a population of approximately 46,000 and covers an area of 39.8 square miles astride the Quinnipiac River in south central Connecticut.

The Town has operated under a Mayor-Council form of government since 1962. The Town Council consists of nine members with minority representation guaranteed. Members are elected to two-year terms. The legislative power of the Town is vested exclusively in the Town Council. The Mayor is elected separately from the Council. In accordance with Town Charter, the Mayor is the Chief Executive Officer of the Town. The Mayor is directly responsible for the administration of all departments, ensures all laws and ordinances governing the town are executed, attends all Council meetings, makes reports and recommendations to the Council for action, submits an annual budget and exercises other powers and duties as may be required by ordinance or resolution of the Council.

The Town provides a full range of municipal services including public safety (police, fire and emergency medical and transport services), street maintenance, health and social services, solid waste disposal, parks, recreation, libraries, public education, utilities (electric, sewer and water) and general administration.

Department of Public Utilities

The Department of Public Utilities (DPU) is responsible for the provision of electric, water and sewer services, under the jurisdiction of a Board of Public Utility Commissioners consisting of three members appointed by the Mayor and confirmed by the Town Council. The Town Council has oversight of the actions of the board and may veto any action, except personnel appointments, by a positive act of seven or more affirmative votes within fifteen days of any action. The Commissioners appoint a Director of Public Utilities who is responsible for the efficient and economical operation of the Department. The Town's Comptroller, by Charter, is the fiscal officer of the Utility Department.

Electric Division

The Electric Division, created in 1899, is overseen by a General Manager. Prior to January 1, 2014, it purchased electric power jointly with the other five municipally owned electric utilities in Connecticut through participation with the Connecticut Municipal Electric Energy Cooperative (CMEEC). Beginning on January 1, 2014 the Town left CMEEC and began purchasing electric power directly on the open power procurement market, (the Independent System Operators of New England), using the services of a third-party consultant. The Division distributes the power and provides electrical service to residential, commercial and industrial customers of Wallingford and the Northford section of North Branford. Residential rates are consistently 40% to 45% lower than the two stockholder owned power companies in Connecticut, Eversource (formerly the Connecticut Light and Power Company division of Northeast Utilities Inc.) and United Illuminating Inc. Average daily consumption of power is approximately 1,450 megawatt hours. The Division owns 406 miles of electrical lines and serves approximately 25,368 customers.

Water Division

The Water Division is managed by the General Manager of Water and Sewer. The Division operates a filter plant and maintains four reservoirs with usable storage capacity of 1.9 billion gallons and three groundwater wells with a safe daily yield of 2.7 million gallons. Average water production is about 3.3 million gallons per day. There are approximately 7 miles of raw water mains, 200 miles of finished water mains, 1,838 public hydrants, five booster stations and 3 raw water transfer stations. The Division serves approximately 13,600 customers.

Sewer Division

The Sewer Division is also managed by the General Manager of Water and Sewer, and is responsible for treating domestic wastewater. The Division operates 12 pumping stations and treats a daily average of 6.2 million gallons. There are approximately 199 miles of accepted sewer mains. The Sewer treatment plant is designed to treat an average flow of eight million gallons per day. The Division serves in excess of 13,900 customers.

Accounting System and Budgetary Control

Management of the government is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of control should not exceed the benefits likely to be derived, and 2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations, with the exception of the School Activity Fund, certain leases and the Scholarship Fund that by Connecticut State Statute are in the custody and control of the Board of Education, occur within the above framework. As Comptroller and Chief Financial Officer, I believe the Town's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgeting is an essential element of financial planning, control and evaluation of operations. The annual operating budgets are legally adopted plans of financial operation embodying estimates of proposed expenditures for specific purposes and the methods of financing them. Budgetary control for the General Fund and Enterprise Funds is maintained at the operating department level on an object basis. The Town Charter prescribes the budget authorization process, which is described in the Notes to the Financial Statements, included herewith. The encumbrance method is employed to record obligations by line items. Certification of fund availability is required prior to issuance of purchase orders. Those encumbrances for which goods and services have not been received on June 30 of each year are reported as part of Assigned Fund Balance.

The Department of Finance employs a monthly reporting system. Management uses these monthly financial statements to administer and monitor the Town's financial position.

ECONOMIC CONDITION

Local Economy

Wallingford's overall economy remains stable, as evidenced by real estate values, unemployment data, and Grand List growth. Real estate values have increased. The Town's unemployment rate at fiscal year ending June 30, 2024 of 2.0% is less than the rate at June 30, 2023 of 3.2%.

The Town's Grand List of October 1, 2022, a summary of all taxable real estate, motor vehicles and business property in town in effect for fiscal 2023/24, increased by 1.08% over last year. A significant portion of this increase was due to the motor vehicle market continuing its trend of increasing in value which was true state-wide. There was a 4.87% growth in the motor vehicle grand list.

The former Bristol Myers Squibb (BMS) property is currently a vacant campus after the decision to demolish the building was made by the current owner of the property. The property continues to be marketed for several potential uses.

Due to the uncertainty of any development of the former BMS campus, we anticipate modest short-term growth in future Grand Lists of taxable property.

The Town continued its economic development efforts to retain current businesses and attract new ones. A primary goal of the Town is to maintain and expand a diversified industrial and commercial tax base. The Town heavily promotes its five office and industrial parks and the Interchange Zone. The office and industrial parks primarily house small to mid-sized manufacturers in a wide array of industries. The Interchange Zone, approximately 360 acres located at the intersection of Interstate 91 and State Route 68, is zoned for development of office parks, research and development centers and hotels.

The following identifies some of the major results of these efforts during fiscal 2023/2024:

- North Colony Development Group LLC: Toyota of Wallingford continues to be under construction on the existing car dealership at 859 North Colony Road. This project will expand the building by 18,000 square feet and renovate the interior. The current gross assessment is \$3,845,400.
- 1074 South Colony Road: The former Zandri's Stillwood Inn is being converted into a Cubesmart storage facility with 184 units. The main building is still under construction. The current gross assessment is \$1,966,400.
- Rowland Technologies completed a project to expand office and warehouse space at 320 Barnes Road. The project increased the facility by over 140,000 square feet. The current gross assessment is \$4,940,000.

In addition, the following residential construction activity occurred during fiscal 2023/2024:

- 88 Woodhouse Ave: Sunwood Development continued construction of a 36-unit, 4 building apartment complex. Two buildings are complete and two buildings are still under construction. The current gross assessment is \$2,883,100.

State Route 5 is a large retail and commercial hub. Economic activity along this major artery remains active, as several retailers, restaurants and other commercial enterprises constructed new buildings or completed renovation of existing ones in fiscal 2023/2024.

Employment diversification is demonstrated by Wallingford's major employers ranging from medical device manufacturers, subcontractors for the U.S. Defense Department, private hospitals and schools, specialty steel manufacturers, health insurers and service centers, plastic and resin manufacturers, mobile communication operation centers, auto dealerships, warehouse and distribution centers, retail stores and diagnostic laboratories.

Long-term Financial Planning

Capital Improvement Plan

The Town, through ordinance, established a Capital Non-Recurring Fund to accumulate funds to finance its six-year capital improvement plan. This ordinance allows for funds to be raised for financing these activities from annual P.I.L.O.T. contributions from the Town's Electric Division, General Fund appropriation, Federal and State grants and bonding. The Town, however, has avoided bonding these projects for the last 20 years to maintain a low level of debt service. Projects included in the six-year capital plan are primarily major reconstruction or rehabilitation of roads, sidewalks, bridges and culverts; and open space purchases.

During fiscal year 2023/2024, the Town expended approximately \$1.6 million of Capital Non-Recurring funds, primarily for rehabilitation of several local streets and sidewalks projects.

Planning for One Time Revenue Distribution

The Town received total distributions of approximately \$13 million from the Connecticut Resource Recovery Authority (CRRA) over the last nine fiscal years. The CRRA, a public instrumentality of the State of Connecticut, had leased the Town-owned landfill since 1988 as part of its mass burn, waste to energy project. In December 2008, Wallingford and the other four other municipal members of this project entered into a new contract for these services, which took effect in July 2010. Each municipal member received its pro-rata distribution of certain tip fee amounts collected and held by the CRRA since 1988 for various capital and reserve funds. The Town of Wallingford established a Special Revenue Fund to record this financial activity.

The Town intends to utilize the remaining balance of these funds for capital or emergency needs.

These actions have maintained the Town's past practice of utilizing material one-time revenue sources such as this for capital, non-recurring needs that will provide long-term benefit to its citizens and reduce the need to incur debt for these expenditures.

Major Initiatives

The Town continued construction on a new Police Headquarters. This project is estimated to cost up to \$36.4 million. The Town has expended \$21.2 million in fiscal year 2023/2024. The Town has expended \$27.5 million in total so far on this project. The Project is expected to be completed by the winter of calendar year 2024.

The Town was awarded approximately \$ 13 million in Federal funding under the American Rescue Plan Act of 2021 (ARPA). The Town has designated these funds to be used for Business & Nonprofits who have shown to be negatively affected by the COVID-19 pandemic. The Town has also designated some of this funding to be used for municipal projects. During fiscal year 2023/2024 the Town expended approximately \$5.7 million of the ARPA funds for these purposes.

The Town completed construction to upgrade the water pollution control facility/treatment plant to treat phosphorous before discharge into the Quinnipiac River. Temporary funding has been provided by the State Clean Water Fund grant and loan program for this State-mandated project estimated at \$60,000,000. Any funds borrowed in the future for this project will be repaid through sewer rates and recorded in the Town's Sewer Enterprise Fund.

The Town completed construction to replace the Track & Field at Sheehan High School. During fiscal year 2023/2024 the Town expended approximately \$1.8 million on this project.

Cash Management

State of Connecticut General Statutes promulgate the allowable investment products for municipal funds. The Department of Finance is responsible for the treasury function and utilizes a short-term cash management approach. The three main objectives of the Town's operating cash policy are safety of principal; liquidity; and rate of return. Available cash is invested on a daily basis in certificates of deposit ranging from 7 to 200 days, municipal money market accounts and other products allowed by State law. Derivatives and highly leveraged investments are not utilized for operating cash management purposes because of their unacceptable exposure to risk.

Consolidated Pension Plan

The Town is responsible for the administration of a single employer, contributory, defined benefit consolidated pension plan covering virtually all full-time Town employees and noncertified members of the Board of Education (certified teachers are covered by the Connecticut State Teachers Retirement Board).

A six-member Pension Commission, consisting of the Comptroller, Treasurer, Human Resources Director and three mayoral appointees oversees the investment of pension funds in accordance with the Town Charter. The Commission employs an independent investment consultant to assist selecting investment options and measure performance. The Commission utilizes an adopted Investment Policy Statement to communicate goals, strategy and performance expectations and utilizes an investment strategy to generate long-term steady growth. Performance is compared to appropriate benchmarks. The Commission meets quarterly with its consultant to review performance and as needed to address other pertinent issues related to the pension fund assets.

Volunteer Firefighters' Plan

The Town implemented a Length of Service Award Program (the Plan) for the exclusive benefit of its volunteer firefighters. The Plan was adopted in accordance with provisions of Connecticut General Statutes and became effective January 1, 1992. The reader's attention is directed to the Notes to Financial Statements in the Financial Section of this report for full disclosure of this plan.

Risk Management and Insurance

The Risk Management Office, a unit of the Department of Human Resources, administers the property and casualty insurance programs, and the workers' compensation benefits program. A professional risk manager supervises this function. In addition, the Town has retained an experienced risk management-oriented broker/agent to serve as a consultant to the Town.

The Town is self-insured for worker's compensation claims. A professional third-party administrator investigates claims and processes them for payment. Weekly disability and medical benefit payments and specific awards granted by the state Worker's Compensation Commission are budgeted annually.

The Town is self-insured for employee health claims and costs. A professional third-party administrator processes claims, reports financial activity, monitors costs and trends, and prepares analyses for annual budget purposes. The Town procures the service of a professional consulting firm to assist in this function.

The Town procures insurance policies with commercial insurance companies to protect itself against various property and liability exposures such as general liability, property damage and errors and omissions.

Debt Administration

The Town utilizes a combination of self-financing and issuance of general obligation bonds when planning and implementing major improvements and managing its debt position. The full faith and credit of the Town supports all bonded debt. Bonds are used to finance only large-scale permanent improvements, such as schools, public libraries and public safety facilities. The Town does not issue bonds for operating costs or replacement equipment.

General obligation bonds are also issued to finance major capital improvements to the Town's three utility systems. The principal and interest on these bonds are completely supported by the respective utility rate and additionally are backed by the full faith and credit of the Town.

Debt administration is guided by the following significant financial practices: maintain steady debt service funding as existing issues mature, provide additional or level funding in each successive fiscal year, maintain rapid retirement schedules for new debt, attempt to avoid entering the short-term market by utilizing the Town's favorable cash position and self-finance at least a portion of each project's cost to reduce debt issuance.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Wallingford for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2023. The June 30, 2023 ACFR was determined to be easily readable, efficiently organized and in compliance with generally accepted accounting principles and legal requirements in order to be awarded this designation by the GFOA.

The preparation of this report could not have been accomplished without the professional and dedicated services of the management and staff of the Department of Finance, as well as members of other departments who provided information to assist in its compilation. I hereby express my sincere appreciation to all of you.

I extend my sincere appreciation to Mayor Vincent Cervoni for his consistent approach in conducting the financial operations of the community in a professional and prudent manner and maintaining a long-term financial position outlook in fiscal decision making. I also thank the Mayor and Town Council members for their support of the financial function of the Town and for conducting the financial operations of the Town in a responsible manner.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'Tim Sena', is written over a faint, light blue circular watermark or seal.

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

Town Council
Town of Wallingford, Connecticut

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wallingford, Connecticut, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town of Wallingford, Connecticut's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wallingford, Connecticut, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Wallingford, Connecticut and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Wallingford, Connecticut's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Wallingford, Connecticut's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Wallingford, Connecticut's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the pension and OPEB schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit for the year ended June 30, 2024 was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Wallingford, Connecticut's basic financial statements. The combining and individual nonmajor fund financial statements, schedule, and report of the tax collector for the year ended June 30, 2024 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended June 30, 2024 and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual nonmajor fund financial statements, schedule, and report of the tax collector are fairly stated, in all material respects, in relation to the basic financial statements as a whole for the year ended June 30, 2024.

We also previously audited, in accordance with GAAS, the basic financial statements of the Town of Wallingford, Connecticut as of and for the year ended June 30, 2023, (not presented herein), and have issued our report thereon dated December 12, 2023 which contained unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. The accompanying General Fund balance sheet for the year ended June 30, 2023 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the 2023 basic financial statements. The information was subjected to the audit procedures applied in the audit of the 2023 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the General Fund balance sheet is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2023.

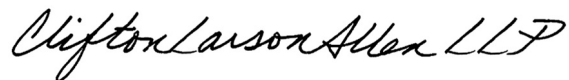

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2024, on our consideration of the Town of Wallingford, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Wallingford, Connecticut's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Wallingford, Connecticut's internal control over financial reporting and compliance.

**TOWN OF WALLINGFORD, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024
(UNAUDITED)**

This discussion and analysis of the Town of Wallingford, Connecticut's (the Town) financial performance is offered by management to provide an overview of the Town's financial activities for the fiscal year ended June 30, 2024. Please read this Management's Discussion and Analysis in conjunction with the transmittal letter and the Town's financial statements, Exhibits I to IX.

Financial Highlights

- The Town's total net position increased as a result of this year's operations by \$9.4 million, an increase of 3.1% from last year.
- During the year, governmental activity expenses exceeded revenues by \$1.6 million (including transfers) and business-type activities revenues exceeded expenses by \$7.8 million (including transfers).
- Total cost of all of the Town's programs was \$319.3 million.
- The General Fund reported a total fund balance this year of \$32.3 million, which includes \$22.0 million 'Unassigned' and available for future use.

Overview of the Financial Statements

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (Exhibits I and II, respectively) provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances. Fund financial statements are presented in Exhibits III to IX. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds.

Government-Wide Financial Statements

The analysis of the Town as a whole begins with Exhibits I and II. The statement of net position and the statement of activities report information about the Town as a whole and about its activities for the current period. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net position and changes in them. The Town's net position, the difference between assets and liabilities, is one way to measure the Town's financial health, or financial position. Over time, increases or decreases in the Town's net position are one indicator of whether its financial health is improving or deteriorating. The reader needs to consider other non-financial factors, however, such as changes in the Town's property tax base and the condition of the Town's capital assets, to assess the overall health of the Town.

**TOWN OF WALLINGFORD, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024
(UNAUDITED)**

In the statement of net position and the statement of activities, the Town is divided into two types of activities:

- *Governmental Activities* – Most of the Town's basic services are reported here, including education, public safety, public works, health and social services, parks and recreation, and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.
- *Business-Type Activities* – The Town charges a fee to customers to help it cover all or most of the cost of certain services it provides. The Town's Electric Fund, Water Fund, and Sewer Fund are reported here.

Fund Financial Statements

The fund financial statements begin with Exhibit III and provide detailed information about the most significant funds—not the Town as a whole. Some funds are required to be established by Charter. However, the Town establishes many other funds to help control and manage financial activities for particular purposes (like the capital projects funds) or to show that it is meeting legal responsibilities for using grants, and other money (like grants received from the State of Connecticut's Department of Education). The Town's funds are divided into three categories: governmental, proprietary, and fiduciary.

- *Governmental Funds* (Exhibits III and IV) – Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation at the bottom of the fund financial statements.
- *Proprietary Funds* (Exhibits V, VI and VII) – When the Town charges customers for the services it provides, whether to outside customers or to other units of the Town, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. In fact, the Town's enterprise funds (a component of proprietary funds) are the same as the business-type activities reported in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds.

**TOWN OF WALLINGFORD, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024
(UNAUDITED)**

- *Fiduciary Funds* (Exhibits VIII and IX) – The Town is the trustee, or fiduciary, for its employees' pension plans. All of the Town's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position. These activities are excluded from the Town's other financial statements because the Town cannot use these assets to finance its operations. The Town is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Government-Wide Financial Analysis

The Town's combined net position increased from \$300.8 million to \$310.2 million. This was primarily due to capital additions made during the fiscal year for the Sewer Plant upgrade project. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the Town's governmental and business-type activities.

The net position of the Town's Governmental activities increased by \$1.6 million, from \$123.5 million to \$125.1 million. Unrestricted net position—the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements—increased by \$1.7 million, from (\$70.6) million to (\$68.9) million.

The net position of the Town's business-type activities increased by \$7.8 million from \$177.3 million to \$185.1 million. \$5.0 million of this increase is due mostly to the operating surplus in the Electric Division due to higher operating income created by purchase power costs being less than market projections and higher non-operating revenues due to increased interest rates.

The Town's total revenues (excluding transfers) were \$328.7 million. The total cost of all programs and services was \$319.3 million. Our analysis below separately considers the operations of governmental and business-type activities.

**TOWN OF WALLINGFORD, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024
(UNAUDITED)**

Governmental Activities

Governmental activities increased the Town's net position by \$1.6 million. Revenues of the Town's total governmental activities increased \$8.0 million in 2024, \$228.4 million compared to \$220.4 million. This is primarily due to the \$3.2 million increase in Property Taxes. The increase in expenses of \$1.1 million, \$228.6 million versus \$227.6 million for Governmental activities is attributed a slight increase in General Government expenses. Governmental Accounting Standards require that the activity from the Teacher's Retirement Fund be recognized in the financial statements as both a revenue and an expense. The slight tax increase in Property Taxes and budgetary conservatism allowed the Town to provide services consistent with previous years' levels.

Table 3 presents the cost of each of the Town's five largest programs—general government, public safety, public works, health and social services, and education—as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the Town's taxpayers by each of these functions.

**TABLE 3
GOVERNMENTAL ACTIVITIES
(in Thousands)**

	Total Cost of Services		Net Cost of Services	
	2024	2023	2024	2023
General Government	\$ 32,090	\$ 30,196	\$ 24,018	\$ 26,582
Public Safety	23,864	25,499	20,144	21,062
Public Works	12,254	9,675	9,999	8,541
Health and Social Services	5,553	5,100	1,868	4,188
Education	151,610	153,490	97,860	93,542
All Others	3,243	3,662	2,188	2,659
Total	<u>\$ 228,614</u>	<u>\$ 227,622</u>	<u>\$ 156,077</u>	<u>\$ 156,574</u>

Business-Type Activities

Business-type activities increased the Town's net position by \$7.8 million, primarily due to the aforementioned operating surplus in the electric division.

TOWN FUNDS FINANCIAL ANALYSIS

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds

The focus of the Town's governmental funds is to provide information on the near-term inflows, outflows and balances of expendable resources. Such information is useful in assessing the Town's financing requirements.

At June 30, 2024 the Town's governmental funds (as presented in the balance sheet, Exhibit III) reported a combined fund balance of \$39.9 million, an increase of \$7.1 million from last year's total

**TOWN OF WALLINGFORD, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024
(UNAUDITED)**

of \$32.8 million, mostly due to Bond Proceeds from the Police Headquarters construction project that was bonded this year.

General Fund

The General Fund is the primary operating fund of the Town. The Town's General Fund reported a total fund balance this year of \$32.3 million reflecting an increase of \$2.0 million over the prior year. The general Fund's unassigned component is \$22.0 million with \$7.9 million assigned to the FY 2025 Budget.

Key factors that contributed to the financial outcome are as follows:

Revenue exceeded the amended budget by \$5.0 million. Interest income, Building Department revenue & State grants were factors in the increase.

Town Departments and the Board of Education expended \$8.2 million less than budgeted. Of this amount, \$0.5 million was assigned to fiscal year 2025 for purchases on order at June 30, 2024.

The Town's pension contributions were approximately \$388 thousand less than budgeted, and the Town's health insurance contributions were approximately \$1.1 million less than budgeted primarily due to employee retirements exceeding the Town's expectations and the time lag in replacing them.

The same reason caused a total positive \$1.6 million budget variance in Regular Wages for the Police, Fire, and Public Works departments.

Capital and Nonrecurring Fund

The Town's Capital and Nonrecurring Fund reported a fund balance this year of \$4.8 million reflecting an increase of \$.8 million over the prior year. The \$1.6 million in expenditures shows the Town's continued commitment to capital improvements.

American Rescue Plan Act

The Town was awarded \$13.1 million in ARPA funds. As of June 30, 2024, the Town has received \$13.1 million and expended \$7.8 million, reporting the balance of \$5.3 million as unearned revenue.

General Fund Budgetary Highlights

The following were the primary General Fund revenue budget variances:

The Town collected \$688 thousand more in General Property Taxes.

The Town Clerk collected \$122 thousand less than budgeted due to decreased activity in the real estate market.

**TOWN OF WALLINGFORD, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024
(UNAUDITED)**

The Town earned \$2.1 million more interest income than budgeted, as rates increased significantly after the Town adopted its budget and as the fiscal year progressed.

The Town received \$1.1 million more than budgeted in municipal revenue sharing from the State of Connecticut.

The larger General Fund expenditure budget variances were in the following areas:

The Town's pension contributions were approximately \$388 thousand less than budgeted, and the Town's health insurance contributions were approximately \$1.1 million less than budgeted primarily due to employee retirements exceeding the Town's expectations and the time lag in replacing them.

The same reason caused a total positive \$1.6 million budget variance in Regular Wages for the Police, Fire, and Public Works departments.

A mild winter season resulted in \$283 thousand less spent than budgeted for Public Works Operating costs.

The Town had \$354 thousand remaining in the Contingency budget.

There were no significant expenditure budget line items that required additional funding during the year.

The final amended expenditure budget was \$5.1 million higher than the original budget, primarily due to general government and school items approved as Appropriations-in-Force carried forward from prior fiscal years budgets, as reported as part of the General Fund "Committed" Fund Balance.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2024, the Town had \$397 million invested in a broad range of capital assets, including land, buildings, park facilities, vehicles and equipment, roads, bridges, and electric, water, and sewer utility plant, and transmission and distribution lines (see Table 4). This amount represents a net increase (including additions, deductions, and depreciation) of \$20.5 million or 5.43% more than last year. The Town's administration views this as a moderate increase and sufficient to meet the Town's needs, balanced with the economic times.

Total	\$ 245,784	\$ 225,217	\$ 151,183	\$ 151,308	\$ 396,967	\$ 376,525

This year's major capital additions included:

Sheehan Track & Field	\$1.8 Million
Police HQ Building	\$21.2 Million

The Town's fiscal year 2024/2025 budget calls for spending \$1.7 million for capital projects, principally for road reconstruction. More detailed information about the Town's capital assets is presented in Note 6 to the financial statements.

Long-Term Debt

At June 30, 2024, the Town had \$82.4 million in bonds and serial notes outstanding versus \$63.4 million last year, as shown in Table 8.

**TABLE 5
OUTSTANDING DEBT AT YEAR END
(in Millions)**

	Governmental Activities		Business-Type Activities		Total	
	2024	2023	2024	2023	2024	2023
General Obligation Bonds and State of Connecticut Serial Notes (Backed by the Town)	51.0	30.4	31.4	33.0	82.4	63.4

The Town of Wallingford's total debt outstanding increased by \$19.0 million or 30.0% during the 2023-2024 fiscal year. The Town issued \$24,430,000 of General Obligation Bonds during this fiscal year. The bonds were sold in March 2024, Moody' Investors Service Rating Agency provided a rating of Aa1. The Town also participates in the State Clean Water Fund Program which provides grants and short-term/interim financing for qualifying projects. The Town utilized \$31.6 million of this interim financing, pending closing of this project with the state upon project completion. See Note 8 to the financial statements for more detailed information.

State statutes limit the amount of general obligation debt a governmental entity may issue to up to seven times its annual receipts from taxation. The current debt limitation for the Town of Wallingford is \$935.5 million. The Town's outstanding general obligation debt is significantly below this limitation.

Other obligations include accrued vacation pay and sick leave. More detailed information about the Town's long-term liabilities is presented in Note 8 to the financial statements.

**TOWN OF WALLINGFORD, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024
(UNAUDITED)**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Some of the unemployment rate for the Town of Wallingford has continued to improve. At June 30, 2024 the unemployment rate was 2.0%, down from 3.2% one year ago. This also compares favorably to 2.8% for the state of Connecticut in 2024.

In addition, the real estate market for commercial/industrial and residential property has continued to be strong. Growth in the last few Grand Lists has been sustained, even through the COVID-19 pandemic.

Results of municipal financial operations show stability and consistency, as demonstrated by solid financial results in the past few audits.

As previously stated, the General Fund total fund balance increased from \$30.3 million at June 30, 2023 to \$32.2 million at June 30, 2024. Of this \$32.2 million General Fund balance is \$18.9 million of unassigned fund balance. The Town feels that the \$22.0 million in the unassigned fund balance places the Town in a strong position to withstand unexpected events. Although all municipalities in the State, including the Town of Wallingford, are facing major uncertainties due to the COVID-19 pandemic and the resulting inflation rate, the Town's finances and financial plans remain stable.

The Town adopted a General Fund budget that contains conservative revenue forecasts as follows:

- Utilized an estimated tax collection rate of 98.2%, in recognition of the unemployment rate of homeowners who may fall delinquent on taxes.
- The Town will continue to work with its State assembly delegation and municipal cooperative organizations to minimize reductions in State aid and make necessary budget decisions if State grants are reduced.

The Town adopted expenditure budgets attempting to maintain essential services with no new programs or initiatives. Some of the major highlights of these efforts are:

- Most part time positions in the general government, which were eliminated over the last several years, remain unfilled and excluded from the budget.
- Several major capital items were reduced from General Fund budgets for consideration of funding from the American Rescue Plan Act, which is recorded as a special revenue fund.

The taxable Grand List of October 1, 2023, which is in effect for fiscal 2024/2025 increased 0.23% from the previous year.

Although this is a slight increase in taxable property, expenditure requests had to be pared to present a modest tax increase to the Town Council. The Town Council also utilized \$7.9 million of fund balance, the same amount as last year, to achieve this.

The total adopted General Fund expenditure budget for fiscal year 2024/2025 increased \$9.4 million, or 5.03% higher than the fiscal year 2023/2024. The general government budget increased \$4.9 million, or 6.67%, mostly due increases in employee benefits for pension, health insurance and debt service. The Board of Education budget increased \$4.5 million, or 3.97%, mostly due to increases in wages and employee benefits.

**TOWN OF WALLINGFORD, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024
(UNAUDITED)**

As for the Town's business-type activities, the Electric Division operating expense budget reflects an increase of \$8.16 million, or 11.0%, mostly due to increased purchase power costs, depreciation expense, and customer service and information expense. Base electric rates were realigned in July 2024 on the results of the cost of service study completed in Quarter 2 of 2021. Wallingford Electric Division rates remain the lowest in Connecticut and among the lowest in New England. The Water Division operating expense budget increased by approximately \$458 thousand, or 4.9%, from the prior fiscal year. As a result of the water rate study conducted during the fiscal year, water rates increased for the average 5/8" meter median customer using 1600 cubic feet of water per quarter by \$24.95 per quarter effective July 2024. There had not been a basic service rate increase since June 2027 and a consumption charge increase since June 2015. The Sewer Division operating expense budget increased by \$426 thousand, or 3.6%, from the prior fiscal year. Sewer rates did not change from the prior fiscal year.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Office of the Comptroller, 45 South Main Street, Wallingford, Connecticut 06492.

BALANCE SHEET (CONTINUED)
GOVERNMENTAL FUNDS
JUNE 30, 2024
(IN THOUSANDS)**

RECONCILIATION TO THE STATEMENT OF NET POSITION

Fund Balances - Total Governmental Funds \$ 39,906

Amounts reported for governmental activities in the statement of net position (Exhibit I) are different because of the following:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Governmental Capital Assets	467,404
Less: Accumulated Depreciation	<u>(221,620)</u>
Net Capital Assets	245,784

Other long-term assets and deferred outflows are not available to pay for current-period expenditures and, therefore, are not recorded in the funds:

Property Tax Receivables Greater Than 60 Days	4,019
Interest Receivable on Property Taxes	948
Deferred Charges on Refunding	148
Deferred Outflows Related to Pension	10,256
Deferred Outflows Related to OPEB	8,517

Internal service funds are used by management to charge the costs of risk management to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities in the statement of net position.

662

Long-term liabilities, and deferred inflows, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:

Bonds and Notes Payable	(51,015)
Interest Payable on Bonds and Notes	(603)
Leases Payable	(483)
Compensated Absences	(12,738)
Retired Employee Obligations	(387)
Heart and Hypertension	(2,145)
Premium on Bond Issuance	(2,257)
Net Pension Liability	(64,826)
Deferred Inflows Related to Pension	(4,067)
Deferred Inflows Related to OPEB	(11,711)
Total OPEB Liability	<u>(34,923)</u>

Net Position of Governmental Activities (Exhibit I) \$ 125,085

**TOWN OF WALLINGFORD, CONNECTICUT
STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES (CONTINUED)
GOVERNMENTAL FUNDS
YEAR ENDED JUNE 30, 2024
(IN THOUSANDS)**

RECONCILIATION TO THE STATEMENT OF ACTIVITIES

Net Change in Fund Balances - Total Governmental Funds (Exhibit IV) \$ 7,097

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital Outlay	30,171
Depreciation Expense	(9,604)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, and revenues recognized in the funds are not reported in the statement of activities:

Property Tax Receivable - Accrual Basis Change	(226)
Property Tax Interest and Lien Revenue - Accrual Basis Change	(235)
Intergovernmental Receivable - Accrual Basis Change	(510)
Change in Deferred Outflows related to Pension	(14,208)
Change in Deferred Outflows related to OPEB	2,504
Change in Net Pension Asset	(77)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are amortized and deferred in the statement of activities. The details of these differences in the treatment of long-term debt and related items are as follows:

Issuance of Bonds	(24,430)
Premium on Bonds Issued	(1,581)
Bond Principal Payments	3,795
Lease Payments	243

See accompanying Notes to Basic Financial Statements.

STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES (CONTINUED)
GOVERNMENTAL FUNDS
YEAR ENDED JUNE 30, 2024
(IN THOUSANDS)**

RECONCILIATION TO THE STATEMENT OF ACTIVITIES (CONTINUED)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Compensated Absences	\$ 83
Retired Employee Obligations	(264)
Heart and Hypertension	(622)
Accrued Interest	(186)
Amortization of Bond Premium	167
Amortization of Deferred Charge on Refunding	(106)
Total OPEB Liability	(4,732)
Change in Net Pension Liability	16,804
Change in Deferred Inflows related to Pension	(3,792)
Change in Deferred Inflows related to OPEB	1,623

Internal service funds are used by management to charge costs to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Wallingford, Connecticut, (the Town) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the Town are described below.

A. Reporting Entity

The Town was incorporated in May 1670 under the provisions of the State of Connecticut General Assembly. It operates under a Mayor-Council form of government and provides services as authorized by its charter including public safety (police and fire), sanitation, health, recreation, social services, libraries, education, planning and zoning, and general administrative services.

Accounting principles generally accepted in the United State of America require that the reporting entity include the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A government is financially accountable for a legally separate organization if it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the government. These criteria have been considered and have resulted in the inclusion of the fiduciary component units as detailed below.

Fiduciary Component Units

The Town has established a single-employer Public Retirement Systems (PERS) to provide retirement benefits to employees and their beneficiaries. The Town appoints a majority of the Pension Board and is required to make contributions to the pension plan and can impose its will.

The financial statements of the fiduciary component unit is reported as a Pension Trust fund in the fiduciary fund financial statements. Separate financial statements have not been prepared for the fiduciary component unit.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. The effect of interfund activity has been removed from these statements where appropriate. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for support.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, including fiduciary component units, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Fiduciary funds use the economic resources measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, charges for services, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

The *Capital and Nonrecurring Fund* accounts for the resources accumulated and expenditures made for the construction of capital facilities and other capital improvements and equipment purchases.

The *American Rescue Plan Act Fund* accounts for grant revenues and expenditures related to the federal American Rescue Plan Act grant.

The Town reports the following major proprietary funds:

The *Electric Fund* accounts for the activities of the Town's electric distribution operations.

The *Water Fund* accounts for the activities of the water plant, the collection system, the storage facilities, and the pumping system.

The *Sewer Fund* accounts for the activities of the sewage treatment plant, sewage pumping stations, and collection systems.

Additionally, the Town reports the following fund types:

The *Internal Service Fund* accounts for the health benefits and risk management activities of the Town.

The *Pension Trust Fund* accounts for the fiduciary activities of the Consolidated Pension Fund and the Volunteer Firefighters Pension Fund, which accumulates resources for pension benefit payments to qualified participants.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between certain Town functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation and amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned then unassigned.

D. Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.” All trade and property tax receivables are shown net of an allowance for uncollectibles.

Property taxes on all property are assessed as of October 1 prior to the beginning of the fiscal year and become legally due and payable on the following July 1 and January 1. If taxes are unpaid as of June 30 following the payable date, a lien is placed on the real property. Property assessments are made at 70% of the market value. Property taxes receivable are recorded on the due date. Taxes not paid within 30 days of the due date are subject to an interest charge of 1.5% per month. The Town is not a part of any overlapping government that assesses separate property taxes.

F. Supplies and Prepaid Items

All supplies are valued at cost using the first-in/first-out (FIFO) method. Supplies of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as individual, or similar, assets with an initial cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of a year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value rather than estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Capital Assets (Continued)

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

Buildings	50 Years
Building Improvements	20 Years
Public Domain Infrastructure	50 Years
System Infrastructure	30 Years
Vehicles	5 Years
Office Equipment	5 Years
Computer Equipment	5 Years

Lease assets are initially measured at the present value of payments expected to be made during the lease term, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. Subsequently SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

H. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports a deferred charge on refunding and deferred outflows related to pension and OPEB in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow of resources related to pension and OPEB can result from differences between expected and actual experience, changes in assumptions, projected versus actual investment earnings or other inputs. With the exception of differences between projected and actual earnings, which are required to be recognized over a five-year period, these amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (participating active employees and vested former employees).

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports a deferred inflow of resources related to pensions and OPEB in the government-wide statement of net position. A deferred inflow of resources related to pension and OPEB can result from differences between expected and actual experience, changes in assumptions, projected versus actual investment earnings, or other inputs. With the exception of differences between projected and actual earnings, which are required to be recognized over a five-year period, these amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (participating active employees and vested former employees). The Town also reports deferred inflow(s) of resources related to advanced property tax collections and leases in the government-wide statement of net position and in the governmental funds. Also, for governmental funds, the Town reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from property taxes, interest on property taxes, loans and other receivables. These amounts are deferred and recognized as an inflow of resources (revenue) in the period during which the amounts become available.

I. Compensated Absences

Employees are granted sick and vacation leave in varying amounts. Upon retirement, termination or death, eligible employees are compensated for unused sick and vacation leave (subject to certain limitations) at specified payment rates established by contract, regulation or policy. Accumulated vacation and sick time are recognized as a liability of the Town in the statement of net position.

J. Net Pension Liability (Asset)

The net pension liability (asset) is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability (asset) is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Total Other Postemployment Benefits Other than Pensions (OPEB) Liability

The total OPEB liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service. The total OPEB liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year and no later than the end of the current fiscal year, consistently applied from period to period.

L. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of any significant applicable bond premium or discount. Significant bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

M. Fund Equity

Equity in the government-wide financial statements is defined as "net position" and is classified in the following categories:

Net Investments in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation and amortization and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted Net Position – Net position is restricted because it is externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This component consists of net position that does not meet the definition of "restricted" or "net investments in capital assets."

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Fund Equity (Continued)

The equity of the fund financial statements is defined as “fund balance” and is classified in the following categories:

Nonspendable Fund Balance – This represents amounts that cannot be spent due to form (e.g., inventories and prepaid amounts).

Restricted Fund Balance – This represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors, or laws and regulations of their governments.

Committed Fund Balance – This represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority (Town Council). A fund balance commitment is established, modified and/or rescinded by ordinance.

Assigned Fund Balance – This balance represents amounts constrained for the intent to be used for a specific purpose by the Town Council or the Comptroller, as they have been delegated authority to assign amounts by the Town Charter.

Unassigned Fund Balance – This represents fund balance in the General Fund in excess of nonspendable, restricted, committed and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

The Town does not have a minimum fund balance policy. When both restricted and unrestricted resources are available for use, it is the Town’s policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned then unassigned.

N. Accounting Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Departmental managers submit their budgets to the finance department 120 days prior to year-end for the fiscal year commencing the following July 1. Thirty days later, the Mayor and Comptroller present the proposed operating budget to the Town Council. The operating budget includes proposed expenditures and the means of financing them. The Town Council holds a public hearing to obtain taxpayer comments, and the budget is legally adopted through passage of an ordinance prior to June 1. The enterprise funds are also under the same budgetary control.

Supplemental budget appropriations must be adopted by the Town Council. During the fiscal year ended June 30, 2024, there were General Fund supplemental budget appropriations totaling \$2,663.

In the General Fund, capital purchase appropriations in force of \$2,367 were carried forward from prior years.

The annual budget is approved at the line-item level. The Town issues a separately prepared budget report by line item to comply with this legal requirement. Upon approval of the Town Council, transfers from one budgetary line to another, or from contingency accounts, may be made within a department. Transfers between departments can be made upon request of the Mayor and by passage of a resolution by the Council during the last three months of the fiscal year. Appropriations lapse at year-end except appropriations of the capital projects funds, which continue until completion of the applicable project.

The General Fund is the only governmental fund with a legally adopted annual budget.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported in either restricted, committed or assigned fund balance depending on level of restriction and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

**TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)**

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

B. Deficit Fund Equity

Nonmajor Funds:

Capital Project Funds:	
School Renovations*	\$ 1,377
Vernon E. Cleaves Vo-Ag Center*	1,610
School Roof Projects*	1,373
Police Headquarters*	2,166
Workers' Compensation Fund**	46

* Deficit will be funded through permanent financing or through transfers from the General Fund.

** Deficit will be funded through receipt of additional program revenues or through transfers from the General Fund.

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a “qualified public depository” as defined by Statute or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an “out of state bank” as defined by the Statutes, which is not a “qualified public depository.”

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: (1) obligations of the United States and its agencies, (2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and (3) shares or other interests in custodial arrangements or pools maintaining constant net position values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net position values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

A. Deposits

Deposit Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposit will not be returned. The Town's formal deposit policy includes sections regarding qualified institutions, independent ratings, insurance and collateralization of uninsured funds to mitigate custodial credit risk. The deposit of public funds is controlled by the Connecticut General Statutes. Deposits may be placed with any qualified public depository that has its main place of business in the state of Connecticut. Connecticut General Statutes require that each depository maintain segregated collateral (not required to be based on a security agreement between the depository and the municipality and, therefore, not perfected in accordance with federal law) in an amount equal to a defined percentage of its public deposits based upon the depository's risk-based capital ratio.

Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures: an amendment of GASB Statement No. 3*, \$97,287 of the Town's bank balance of \$153,205 was exposed to custodial credit risk as follows:

Uninsured and Uncollateralized	\$	87,308	
Uninsured and Collateral Held by the Pledging Bank's Trust Department, Not in the Town's Name		9,979	
Total Amount Subject to Custodial Credit Risk	\$	97,287	

B. Investments

As of June 30, 2024, the Town had the following investments:

	Investment Maturities			Fair Value
	Less than 1 Year	1 to 10 Years	More than 10 Years	
Interest-Bearing Investment:				
Certificate of Deposit*	\$ 53,341	\$ -	\$ -	\$ 53,341
Total	\$ 53,341	\$ -	\$ -	53,341
Other Investments:				
Mutual Funds				261,812
Total Investments				\$ 315,153

* Certificates of deposit are unrated.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements). The Town has the following recurring fair value measurements as of June 30, 2024:

	Fair Value Measurements Using			Fair Value
	Level 1	Level 2	Level 3	
Investments by Fair Value Level:				
Mutual Funds	\$ 261,812	\$ -	\$ -	\$ 261,812
Total Investments by Fair Value Level	\$ 261,812	\$ -	\$ -	261,812
Investments Not Recorded at Fair Value				53,341
Total Investments				\$ 315,153

* Subject to coverage by Federal Depository Insurance and collateralization as described under "Deposits" above

Interest Rate Risk

The Town's formal investment policy limits short-term investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Short-term investment maturities are allowed to range from seven days to one year. To the extent possible, the Town will attempt to match its investments with anticipated cash flow requirements.

Credit Risk – Investments

As indicated above, State Statutes limit the investment options of cities and towns. The Town's investment policy further limits its investment choices. Derivatives, leveraged investments, repurchase agreements and reverse repurchase agreements are not used because of the unacceptable exposure to risk from these investment products. The Town does not have any further restrictions other than the state statute governing investments in obligations of any state or political subdivision or in obligations of the state of Connecticut or political subdivision.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

Concentration of Credit Risk

The Town's investment policy does not restrict investments in any one issuer that is in excess of 5% of the Town's total investments. The investment policy does limit pooled investments in the management of pension funds; however, no additional restrictions on individual investments are established in the policy.

Custodial Credit Risk

Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the Town or that sells investments to or buys them for the Town), the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town's formal investment policy includes sections regarding safekeeping and custody of investments to mitigate custodial credit risk. At June 30, 2024, the Town did not have any uninsured and unregistered securities held by the counterparty or by its trust department or agent that were not in the Town's name.

NOTE 4 RECEIVABLES

Receivables as of year-end for the Town's individual major funds and nonmajor and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General	Electric	Water	Sewer	Nonmajor and Other Funds	Total

NOTE 7 INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

During the course of operations, transactions are processed through a fund on behalf of another fund. Additionally, revenues received in one fund are transferred to another fund. A summary of interfund balances as of June 30, 2024 is presented below.

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor Governmental	\$ 5,455
American Rescue Plan Act	General	5,711
Capital and Nonrecurring	General	4,867
Proprietary Funds	General	2
Nonmajor Governmental	General	6,504
Internal Service Fund	General	5,306
Total		<u>\$ 27,845</u>

Interfund receivables from the General Fund are the result of the General Fund holding cash on behalf of the other funds. Interfund payables to the General Fund are the result of the completion of projects which were temporarily financed by the General Fund. The General Fund will be repaid upon the permanent financing of the projects.

A summary of interfund transfers is presented below:

	<u>Transfers In</u>			<u>Total Transfers Out</u>
	<u>General</u>	<u>Capital and Nonrecurring</u>	<u>Nonmajor Governmental</u>	
Transfers Out:				
General Fund	\$ -	\$ 2,258	\$ 8	\$ 2,266
Nonmajor Governmental	265	-	-	265
Electric Fund	1,758	-	-	1,758
Total Transfers In	<u>\$ 2,023</u>	<u>\$ 2,258</u>	<u>\$ 8</u>	<u>\$ 4,289</u>

General Fund transfers are made in accordance with budget appropriations. The General Fund transfers to other funds are primarily for the purpose of establishing local funding for capital projects to reduce bonding. The transfer from the Electric Fund to the General Fund represents a payment in lieu of taxes. The General Fund uses the payment in lieu of taxes to fund budgeted transfers to the Capital and Nonrecurring Fund.

Debt Limitations

The Town's indebtedness does not exceed the legal debt limitation as required by the Connecticut General Statutes as reflected in the following schedule:

Category	Debt Limit	Net Indebtedness	Balance
General Purpose	\$ 300,688	\$ 50,917	\$ 249,771
Schools	601,376	19,889	581,487
Sewers	501,146	8,049	493,097
Urban Renewal	434,327	-	434,327
Pension Deficit	400,917	-	400,917

The total of the Town's net statutory indebtedness of \$79 million does not exceed the legal debt limitation of \$935 million (seven times the base for debt limitation computation).

The net indebtedness excludes water bonds of \$1.07 million and clean water notes of \$30.3 million, which are considered to be self-funding.

NOTE 9 FUND EQUITY (CONTINUED)

B. Electric Fund – Restricted Net Position

Through December 31, 2013, the Connecticut Municipal Electric Energy Cooperative (CMEEC) administered a Municipal Energy Conservation and Load Management Fund (ECLMF) on behalf of the Town of Wallingford. The ECLMF was established to comply with provisions of House Bill 7501, Public Act No. 05-1 requiring municipal electric utilities to contribute to the fund and CMEEC to administer the fund. Effective January 1, 2014, with the expiration of the “full requirements” contract mentioned below, CMEEC transferred custody of the balance of that portion of the ECLMF held for Wallingford contributions to the Town of Wallingford. The Town’s contribution rate is 2.5 mills per kilowatt hour sold. The contributions formerly sent by the Town to CMEEC are now deposited directly into a fund held by the Town. Disbursements from the ECLMF are required to be made pursuant to a comprehensive electric conservation and load management plan. In addition to the ECLMF, the Town receives revenues from periodic Regional Greenhouse Gas Initiative (RGGI) auctions. The Town also received custody from CMEEC of Renewable Resource Investment Funds (RRIF), for revenues received from Independent System Operators-New England (ISO-NE) through the forward capacity market (FCM) for ECLMF measures installed in Wallingford’s service territory which CMEEC used to fulfill its obligations in the FCM. Beginning in January 2019, Wallingford, through its agent, CPower, began receiving additional credits from Independent System Operators-New England (ISO-NE) through the forward capacity market (FCM) for ECLMF measures installed in Wallingford’s service territory.

Investment income earned on the Town’s deposits along with the Fund’s authorized expenses during the year are recorded in the Electric Fund’s statement of activities. The funds held now by the Town are recorded as assets on the Electric Fund’s statement of net position, and, accordingly, the Electric Fund’s net position has been restricted. The balance of these unexpended funds held by the Town was \$4,327 at June 30, 2024.

NOTE 10 ELECTRIC DIVISION – POWER SUPPLY AGREEMENT AND SPECIAL FUNDS

Through December 31, 2013, the Town purchased its wholesale power requirements under an “all requirements” Power Sales Agreement (PSA) with the Connecticut Municipal Electric Energy Cooperative (CMEEC). Under the PSA the Town was required to purchase from CMEEC and CMEEC was required to sell to the Town, essentially all electric capacity and energy that Wallingford required for sale at retail. On February 23, 2012, in recognition of the fact that the Town was contemplating not renewing the PSA, the Town and CMEEC entered into a Memorandum of Agreement (MOA), which was amended on April 2, 2013. Under the MOA, CMEEC continued to purchase forward energy on behalf of the Town through July 31, 2013.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS

(IN THOUSANDS)

**NOTE 10 ELECTRIC DIVISION – POWER SUPPLY AGREEMENT AND SPECIAL FUNDS
(CONTINUED)**

On July 1, 2006, the Town entered into the Contract for the Sale of Pierce Project Electric Power and Energy (Pierce Project Contract) with CMEEC. The Pierce Project Contract enables the Town to receive its entitlement allocation of all electric products of the Pierce Project and obligates the Town to pay its entitlement allocation of all fixed and variable costs associated with the Project, in the event the PSA is not extended.

As of June 1, 2009, the Town entered into the Contract for the Sale of 50 in 5 Peaking Electric Power and Energy and Crediting of Avoided Costs Benefits (50 in 5 Project Contract) with CMEEC. The 50 in 5 Project Contract enables the Town to receive its entitlement allocation of all electric products and crediting of avoided cost benefits of the 50 in 5 Project and obligates the Town to pay its entitlement allocation of all fixed and variable costs associated with the Project, in the event the PSA is not extended.

Since the Town did not extend the term of the PSA beyond December 31, 2013, the provisions for each of the project contracts went into effect as of January 1, 2014. The Town did not exercise its option to extend the 50 in 5 Project contract beyond the period ended December 2018, and, therefore, is no longer a participant.

On May 15, 2013, the Town entered into the Energy Portfolio Management and Power Supply Consulting Service Agreement (the Agreement) with Energy New England (ENE). The initial term of the Agreement is through December 31, 2018 and it provided for a single, three-year extension which has been exercised.

Under the terms of the Agreement, the Wallingford Electric Division (WED) operates as an ISO-NE Market Participant (which it became on October 1, 2013) and enters into contracts directly with counterparties for the purpose of hedging the risks associated with its wholesale power supply. ENE acts as the WED's agent in all matters related to the WED's power supply acquisition activities and it assists the WED in fulfilling its obligations in the ISO-NE market. As the WED's agent, ENE managed the forward energy that CMEEC procured on the WED's behalf under the MOA.

As of this writing, the WED has entered into six Master Power Purchase and Sale Agreements with counterparties.

The WED's power procurement activities are governed by its Energy Risk Management Policy and its Hedging Policy, which were adopted by the Wallingford Board of Public Utilities Commissioners on August 8, 2013, and October 1, 2013, respectively. The Energy Risk Management Policy was amended on September 8, 2018. The Hedging Policy was amended on May 1, 2018.

The foregoing discussion of the Energy Portfolio Agreement, CMEEC contracts, Memorandum of Agreement, Master Power Purchase Agreements and Project Contracts is intended to be a summary of such contracts and funds and is qualified in its entirety by reference to the contracts themselves, which may be obtained from the Town.

NOTE 11 RISK MANAGEMENT

The Town procures insurance policies with commercial insurance companies to protect itself against various risk exposures such as general liability, property damage and professional liability. The Town’s Legal Counsel defends the Town in any lawsuits that arise from the normal course of operations.

The Town has a workers’ compensation fund and is self-insured for claims up to a maximum of \$500,000 (amount not rounded). The Town purchases commercial insurance for claims in excess of self-insured coverage. There is an individual claim maximum of \$500,000 (amount not rounded). Settled claims have not exceeded coverage in any of the past three years. The Town’s third-party administrator estimates claims payable for incurred claims as of June 30, 2024, at \$2,929 for workers’ compensation and heart and hypertension claims.

The Town administers the medical self-insurance program through the Health Benefits fund. The Town has an Anthem Blue Cross/Blue Shield medical plan for which payments are based upon actual claims (versus premium payments). In this case, Anthem Blue Cross/Blue Shield acts as a claims processor and a transfer of risk does not occur.

All funds of the Town participate in the program and make payments to the Health Benefits Fund to pay claims, claim reserves and administrative costs of the program. During the fiscal year ended June 30, 2024, \$25,069 in health care benefits and administrative costs were paid. Incurred but not reported health claims of \$1,941 have been accrued as a liability based upon information supplied by the Town’s Health Care Administrator. Actuarial estimated liability for claims incurred but not reported is not available.

The changes in the claims liability were as follows for the years ended June 30:

	Balance - Beginning of Year	Current Year Claims and Changes in Estimates	Claim Payments	Balance - End of Year
Workers' Compensation Fund:				
2022 to 2023	\$ 2,932	\$ 750	\$ 1,166	\$ 2,516
2023 to 2024	2,516	2,030	1,617	2,929
Health Benefits Fund:				
2022 to 2023	2,195	27,512	28,034	1,673
2023 to 2024	1,673	25,337	25,069	1,941

NOTE 12 TAX ABATEMENTS

As of June 30, 2024, the Town provides tax abatements via Tax Assessment (Stabilization) Agreements. The Town enters into Tax Assessment Agreements (Stabilization Agreements) which provide real property tax abatements for real property improvements pursuant to Connecticut General Statutes Section 12-65. The agreements are entered into by the Town and are approved by the Town Council. The abatements are obtained pursuant to a contract between the Town and the owner of the property. The agreements fix the assessment value prior to improvement and defer the increase in the assessed value attributable to the construction/renovation over a period of 7 to 15 years. Continuation of the agreement is conditioned upon continued compliance with the provisions of the agreement and is terminated upon sale or transfer of the property for any other purpose unless the Town has consented thereto. There are no provisions to recapture abated taxes under this program. No other commitments have been made by the Town to the abatement recipients under this program. For the fiscal year ended June 30, 2024, taxes abated through this program total \$1,050.

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS

Town OPEB

The Town, in accordance with various collective bargaining agreements, is committed to provide health and other benefits to eligible retirees and their spouses through a single-employer postemployment benefit plan. Benefits are established and amended through negotiations between the Town and the various unions representing Town employees. The Town provides postemployment healthcare benefits, in accordance with current contracts, to Board of Education certified teachers and administrators who retire from the Town in accordance with criteria listed in Note 14. For those employees who terminate without retirement, healthcare benefits continue for 30 days after termination.

Retiree health insurance is provided as a combination of HMO and indemnity coverage, with the retiree selecting the type of coverage. The Town pays for a major portion or all of the total health insurance cost for retirees depending on the coverage election. The Town pays approximately 50% of the cost of coverage for dependents and surviving spouses eligible to participate in the group plan. The remainder of the premium is paid by the retirees for their dependents or the surviving spouse for themselves.

The Town also provides health care benefits to retired police and fire employees as well as chiefs and assistant chiefs, in accordance with union contracts. When they retire, police and fire employees may have up to 50% of their health care benefits paid for by the Town until they reach age 65.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Town OPEB (Continued)

A. Funding Policy (Not Rounded)

The Town's current strategy is to fund current claims and administrative costs for postemployment benefits through its purchase of premium-based coverage.

Although a trust fund may be established in the future to exclusively control the funding and reporting of postemployment benefits, the Town's current commitment is to fund the other postemployment benefits provided to Town retirees on a pay-as-you-go basis.

The Town has not established an OPEB Trust fund, as of June 30, 2024, to irrevocably segregate assets to fund the liability associated with postemployment benefits, which would require the reporting of a trust fund in accordance with GASB guidelines.

The following is the current census of Town benefit participants as of July 1, 2023:

Inactive Employees Currently Receiving Benefit Payments	72
Active Employees	<u>1,117</u>
Total	<u><u>1,189</u></u>

Postemployment retiree benefit payments for the year ended June 30, 2024, net of retiree and other contributions, amounted to approximately \$1,357.

B. Total OPEB Liability

The Town's total OPEB liability was measured as of June 30, 2024 and was determined by an actuarial valuation as of July 1, 2023.

Actuarial Assumptions and Other Inputs

The total OPEB liability as of June 30, 2024, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.40% (Prior: 2.60%)
Salary Increases	3.30%, including Inflation
Discount Rate	3.93% (Prior: 3.65%)
Healthcare Cost Trend Rates	7.00% in 2023, Reducing by 0.25% Each Year to an Ultimate Rate of 4.40% per Year for 2034 and Later
	Dental is assumed to increased by 4.00% per year
Retirees' Share of Benefit-Related Costs	Various

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Town OPEB (Continued)

B. Total OPEB Liability (Continued)

Actuarial Assumptions and Other Inputs (Continued)

The discount rate was based on the 20-year AA municipal bond index for unfunded OPEB plans.

Mortality rates were based on Pub-2010 Public Retirement Plans Amount-Weighted Mortality Tables, projected to the valuation date with Scale MP-2021.

The actuarial assumptions used in the July 1, 2023, valuation were based on the results of an actuarial experience study for the period July 1, 2016 to July 1, 2021.

C. Changes in the Total OPEB Liability

	Total OPEB Liability
Balance - July 1, 2023	\$ 31,539
Changes for the Year:	
Service Cost	1,130
Interest on Total OPEB Liability	1,168
Difference between Expected and Actual Experience	1,600
Changes in Assumptions or Other Inputs	1,877
Benefit Payments	(1,357)
Net Changes	4,418
Balance - June 30, 2024	\$ 35,957

Changes of assumptions and other inputs reflect a change in the discount rate from 3.65% in 2023 to 3.93% in 2024.

D. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current discount rate:

	1% Decrease (2.93%)	Current Discount Rate (3.93%)	1% Increase (4.93%)
Total OPEB Liability	\$ 39,139	\$ 35,957	\$ 33,073

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Town OPEB (Continued)

E. Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rates:

	1% Decrease (6.00% Decreasing to 3.40%)	Healthcare Cost Trend Rates (7.00% Decreasing to 4.40%)	1% Increase (8.00% Decreasing to 5.40%)
Total OPEB Liability	\$ 32,086	\$ 35,957	\$ 40,491

F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2024, the Town recognized OPEB expense of \$1,798. At June 30, 2024, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 3,217	\$ (8,405)
Changes of Assumptions or Other Inputs	5,583	(4,108)
Total	\$ 8,800	\$ (12,513)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2025	\$ (332)
2026	(332)
2027	(332)
2028	(332)
2029	(332)
Thereafter	(2,053)

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Teachers OPEB

A. Plan Description

Teachers, principals, superintendents, or supervisors engaged in service of public schools, plus professional employees at State Schools of higher education are eligible to participate in the Connecticut State Teachers' Retirement System Retiree Health Insurance Plan (TRS-RHIP), a cost sharing multiple-employer defined benefit other postemployment benefit plan administered by the Teachers' Retirement Board (TRB), if they choose to be covered.

Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS-RHIP issues a publicly available financial report that can be obtained at www.ct.gov/trb.

B. Benefit Provisions (Not Rounded)

There are two types of the health care benefits offered through the system. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the CTRB Sponsored Medicare Supplement Plans provide coverage for those participating in Medicare but not receiving Subsidized Local School District Coverage.

Any member who is not currently participating in Medicare Parts A & B is eligible to continue health care coverage with their former employer. A subsidy of up to \$220 (amount not rounded) per month for a retired member plus an additional \$220 (amount not rounded) per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, and any remaining portion is used to offset the district's cost. The subsidy amount is set by statute. A subsidy amount of \$440 (amount not rounded) per month may be paid for a retired member, spouse or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost and contributes at least \$440 (amount not rounded) per month towards coverage under a local school district plan.

Any member who is currently participating in Medicare Parts A & B is eligible to either continue health care coverage with their former employer, if offered, or enroll in the plan sponsored by the System. If they elect to remain in the plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Teachers OPEB (Continued)

B. Benefit Provisions (Not Rounded) (Continued)

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplement Plans. Effective July 1, 2018, the System added a Medicare Advantage Plan option. Active members, retirees and the state pay equally toward the cost of the basic coverage (medical and prescription drug benefits) under the Medicare Advantage Plan. Retired members who choose to enroll in the Medicare Supplement Plan are responsible for the full difference in the premium cost between the two plans. Additionally, effective July 1, 2018, retired members who cancel their health care coverage or elect to not enroll in a CTRB sponsored health care coverage option must wait two years to re-enroll.

Survivor Health Care Coverage

Survivors of former employees or retirees remain eligible to participate in the plan and continue to be eligible to receive either the \$220 (amount not rounded) monthly subsidy or participate in the TRB-Sponsored Medicare Supplement Plans, as long as they do not remarry.

C. Eligibility

Any member who is currently receiving a retirement or disability benefit is eligible to participate in the plan.

Credited Service – One month for each month of service as a teacher in Connecticut public schools, maximum 10 months for each school year. Ten months of credited service constitutes one year of Credited Service. Certain other types of teaching services, state employment, or wartime military service may be purchased prior to retirement if the member pays one-half the cost.

Normal Retirement – Age 60 with 20 years of Credited Service in Connecticut, or 35 years of Credited Service including at least 25 years of service in Connecticut.

Early Retirement – Age 55 with 20 years of Credited Service including 15 years of Connecticut service, or 25 years of Credited Service including 20 years of Connecticut service.

Proratable Retirement – Age 60 with 10 years of Credited Service.

Disability Retirement – No service requirement if incurred in the performance of duty, and five years of Credited Service in Connecticut if not incurred in the performance of duty.

Termination of Employment – Ten or more years of Credited Service.

(IN THOUSANDS)**

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Teachers OPEB (Continued)

D. Contributions

State of Connecticut

Per Connecticut General Statutes Section 10-183z, contribution requirements of active employees and the state of Connecticut are approved, amended and certified by the State Teachers' Retirement Board and appropriated by the General Assembly. The state contributions are not currently actuarially funded. The state appropriates from the General Fund one third of the annual costs of the plan. Administrative costs of the plan are financed by the state. Based upon Chapter 167a, Subsection D of Section 10-183t of the Connecticut statutes, it is assumed the state will pay for any long-term shortfall arising from insufficient active member contributions.

Employer (School Districts)

School District employers are not required to make contributions to the plan.

For the year ended June 30, 2024, the amount of "on-behalf" contributions made by the state was \$269 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees/Retirees

The cost of providing plan benefits is financed on a pay-as-you-go basis as follows: active teachers' pay for one-third of the plan costs through a contribution of 1.25% of their pensionable salaries, and retired teachers pay for one-third of the plan costs through monthly premiums, which helps reduce the cost of health insurance for eligible retired members and dependents.

E. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the Town reports no amounts for its proportionate share of the net OPEB liability, and related deferred outflows and inflows, due to the statutory requirement that the state pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net OPEB liability, the related state support and the total portion of the net OPEB liability that was associated with the Town was as follows:

Town's Proportionate Share of the Net OPEB Liability	\$	-
State's Proportionate Share of the Net OPEB Liability associated with the Town		19,985
Total	\$	19,985

**TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)**

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Teachers OPEB (Continued)

E. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

The net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as June 30, 2023. At June 30, 2024, the Town has no proportionate share of the net OPEB liability.

For the year ended June 30, 2024, the Town recognized OPEB expense and revenue of \$(2,354) in Exhibit II.

F. Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Health Care Costs Trend Rate	Known increases until calendar year 2024 then general trend decreasing to an ultimate rate of 4.50% by 2031
Salary Increases	3.00%-6.50%, including Inflation
Investment Rate of Return	3.00%, Net of OPEB Plan Investment Expense, including Inflation
Year Fund Net Position will be Depleted	2028

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period July 1, 2014, to June 30, 2019.

The changes in the assumptions since the prior year are as follows:

- Discount rate changed from 3.53% to 3.64%;
- Expected annual per capita claims costs were updated to better reflect anticipated medical and prescription drug claim experience;

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Teachers OPEB (Continued)

F. Actuarial Assumptions (Continued)

The long-term expected rate of return on plan assets is reviewed as part of the GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, valuation process. Several factors are considered in evaluating the long-term rate of return assumption, including the plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net investment expense and inflation) for each major asset class. The long-term expected rate of return was determined by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The plan is 100% invested in U.S. Treasuries (Cash Equivalents) for which the expected 10-Year Geometric Real Rate of Return is (0.77)%.

G. Discount Rate

The discount rate used to measure the total OPEB liability was 3.64%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. The projection was based on an actuarial valuation performed as of June 30, 2023.

In addition to the actuarial methods and assumptions of the June 30, 2023, actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annually at a rate of 3.00%.
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Annual state contributions were assumed to be equal to the most recent five-year average of state contributions toward the fund.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Teachers OPEB (Continued)

G. Discount Rate (Continued)

Based on those assumptions, the plan's fiduciary net position was projected to be depleted in 2028 and, as a result, the Municipal Bond Index Rate was used in the determination of the single equivalent rate.

H. Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate and the Discount Rate

The Town's proportionate share of the net OPEB liability is \$-0- and, therefore, the change in the health care cost trend rate or the discount rate would only impact the amount recorded by the state of Connecticut.

I. OPEB Plan Fiduciary Net Position

Detailed information about the Connecticut State Teachers OPEB Plan fiduciary net position is available in the separately issued State of Connecticut Annual Comprehensive Financial Report at www.ct.gov.

J. Other Information

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the Town has no obligation to contribute to the plan.

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS

Wallingford Consolidated Pension Plan

A. Plan Description and Benefits Provided (Not Rounded)

The Town of Wallingford is the administrator of the Town’s Consolidated Pension Plan, a single-employer contributory defined benefit public employee retirement system (PERS) established and administered by the Town to provide pension benefits to all full-time noncertified employees. The plan is considered to be part of the Town of Wallingford’s financial reporting entity and is included in the Town’s financial reports as a pension trust fund. The plan does not issue a stand-alone report.

Per the Town Charter, the Personnel Department administers the pension system, receives retirement applications from employees, determines pension eligibility of those employees, calculates pension amounts for those eligible and handles all communication with retirees. The Personnel Department also procures the services of actuaries for pension plan valuation and other consultants as needed for advice regarding the pension plan. Also, per the Town Charter, a Pension Commission determines and invests the pension assets. The Commission consists of six members: the Town Comptroller, Town Treasurer, Personnel Director and three resident electors of the Town who have experience and training in investments and finance, who are appointed by the Mayor with the approval of the Town Council. The Town Treasurer has custody of all pension funds and sees to the investment of pension assets in conformity with actions and policies of the Pension Commission. The Commission may appoint a financial custodian to implement investment decisions and trustees to manage the pension funds.

Membership as of July 1, 2023, of the PERS consisted of the following:

	Number of Employees
Retirees and Beneficiaries Currently Receiving Benefits	599
Terminated Employees Not Yet Receiving Benefits	155
Active Plan Members	715
Total	1,469

Members are required to contribute to the plan, and the Town is required to contribute amounts necessary to finance the coverage for its employees. Benefits and contributions are established by the Town and may be amended only by the Town Charter and Union negotiation.

Wallingford Consolidated Pension Plan (Continued)

A. Plan Description and Benefits Provided (Not Rounded) (Continued)

The following summarizes the major provisions of the plan. It is not intended to be, nor should it be interpreted as, a complete statement of all plan provisions.

Regular Employees:

Normal Retirement:

Age and Service

Requirement:

Public Works 30 Years of Credited Service or Age 62 with 10 Years of Credited Service

Management and Supervisors 30 Years of Credited Service or Age 62 with 10 Years of Credited Service.

Electric Division and Water Division 29 Years of Credited Service or Age 60 with 10 Years of Credited Service

Benefit:

Public Works 2.15% of Final Average Salary Multiplied by Years of Credited Service, Subject to a Maximum of 75% Final Average Salary, including Social Security if Applicable

Management and Supervisors: 2.25% of Final Average Salary Multiplied by Years of Credited Service, Subject to a Maximum of 75% Final Average Salary, including Social Security if Applicable

Electric Division and Water Division: 2.35% of Final Average Salary Multiplied by Years of Credited Service, Subject to a Maximum of 75% Final Average Salary, including Social Security if Applicable

Employees Covered by Social Security: 1.00% to 1.30% Final Average Salary Multiplied by Years of Credited Service, Subject to a Maximum of 70% Final Average Salary, including Social Security if Applicable

Early Retirement:

Age Requirement 55

Service Requirement 15 Years

Amount: Normal Pension Accrued Reduced by 0.25% for Each Month that the Participant's Retirement Date Precedes Normal Retirement

Vesting 100% Vested with 5 Years of Credited Service

Employee Contributions:

Public Works 7% of Weekly Salary

Management and Supervisors 7% of Weekly Salary

Water or Electric Divisions 7.5% of Weekly Salary
Interest Credited Limited to be Within 0% and 10.8%

(IN THOUSANDS)

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Wallingford Consolidated Pension Plan (Continued)

B. Summary of Significant Accounting Policies and System Assets

Basis of Accounting

Financial statements are prepared using the accrual basis of accounting for the defined benefit pension plan. Plan member contributions are recognized in the period in which they are due. Employer contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Investments are reported at fair value. Investment income is recognized as earned.

Concentration of Investments

There were no investments in any one organization that represented 5% or more of net position available for benefits, except for investments in United States backed bonds.

Plan Expenses

Expenses of administering the plan are paid for from contributions to the plan.

Measurement Date

The most recent valuation was performed as of July 1, 2023, rolled forward to a measurement date of June 30, 2024.

C. Funding Policy

Employees contribute between 5% and 7.5% of their weekly salary to the plan. Contributions earn 3% interest returnable upon termination before retirement. The Town is required to contribute the remaining amounts necessary to finance the benefits for its employees as determined by its actuaries; the current rate is 25.1% of annual covered payroll. Benefits and employee contributions are fixed by contract and may be amended subject to union negotiations.

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Wallingford Consolidated Pension Plan (Continued)

D. Investments

The Pension Commission utilizes the plan's Investment Policy Statement (IPS) to determine the allocation of the plan's invested assets. The goal of the IPS is to reduce risk by utilizing an investment strategy through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The following was the Board's adopted asset allocation policy as of June 30, 2024.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return*</u>	<u>Weighting</u>
Fixed Income	24.50 %	2.40 %	0.59 %
U.S. Equity	41.50	7.60	3.15
International Equity	30.00	10.30	3.09
International Equity	4.00	5.60	0.22
Total Portfolio	<u>100.00 %</u>		<u>7.05</u>
Long-Term Expected Nominal Return			<u>7.05 %</u>

*Long-Term Returns are provided by Fiduciant Advisors. The returns are geometric means.

Rate of Return

For the year ended June 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 13.45%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

E. Net Pension Liability of the Town

The components of the net pension liability of the Town at June 30, 2024 were as follows:

Total Pension Liability	\$ 347,587
Plan Fiduciary Net Position	<u>263,896</u>
Town's Net Pension Liability	<u>\$ 83,691</u>

Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	75.92 %
--	---------

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Wallingford Consolidated Pension Plan (Continued)

E. Net Pension Liability of the Town (Continued)

Actuarial Assumptions

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases:	
Hazardous Plan	Ranges from 2.4% to 8.9%, Based on Age
Non-Hazardous Plan	Ranges from 2.4% to 8.7%, Based on Age
Investment Rate of Return	7.00%

For hazard employees and regular employees, mortality rates were based on the Pub-2010 Public Retirement Plans Amount-Weighted Mortality Tables, with separate tables for General Employees and Public Safety, projected to valuation date with Scale MP-2021.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return are developed. Best estimates of the real rates of return for each major asset class are included along with the pension plan's long-term target asset allocation. Since the term rates shown above are geometric averages, the impact of asset allocation and rebalancing is not reflected in the expected return. An expected rate of return of 7.00% was used.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Wallingford Volunteer Firefighters Length of Service Award Plan

A. Plan Description and Benefits Provided (Not Rounded)

The Town of Wallingford is the administrator of the Town’s Volunteer Firefighters Length of Service Award Plan, a single-employer defined benefit public employee retirement system (PERS) established and administered by the Town to provide pension benefits to qualified volunteer firefighters. The plan is considered to be part of the Town of Wallingford’s financial reporting entity and is included in the Town’s financial reports as a pension trust fund. The plan does not issue a stand-alone report.

The plan is administered by the Personnel Department and Pension Commission as previously stated in the Consolidated Pension Plan Note above.

Membership as of July 1, 2023, of the PERS consisted of the following:

	Number of Employees
Inactive Members Currently Receiving Benefits	20
Inactive Vested Members	63
Current Active Members	43
Total	126

Benefits are established by the Town and may be amended only by the Town Charter.

Wallingford Volunteer Firefighters Length of Service Award Plan (Continued)

A. Plan Description and Benefits Provided (Not Rounded) (Continued)

The following is a brief summary of the plan provisions:

Normal Pension:

Age Requirement	65
Service Requirement	5 Years (1 Year After Program's Initiation)
Amount	\$10 per Month for the 1st 10 Years of Service Plus \$15 per Month for the 2nd 10 Years of Service; Plus \$20 per Month for Each Year of Service for the Next 10 Years of Service (30-Year Maximum). The monthly pension amount is subject to a \$450 maximum.

Disability:

Age Requirement	None
Service Requirement	None
Amount	Regular Pension Accrued Deferred to Age 65 or Lump-Sum Cash Benefit Equal to the Accrued Benefit Multiplied by 120

Vesting:

Age Requirement	None
Service Requirement	5 Years
Amount	Regular Pension Accrued Deferred to Age 65
Service	One year of service will be credited for each year the activity requirement is met. Currently, this requirement is 100 points.

B. Summary of Significant Accounting Policies and System Assets

Basis of Accounting

Financial statements are prepared using the accrual basis of accounting for the defined benefit pension plan. Plan member contributions are recognized in the period in which they are due. Employer contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

The plan reports investments at fair value. Investment income is recognized as earned.

Concentration of Investments

There were no investments in any one organization that represented 5% or more of net position available for benefits, except for investments in United States-backed bonds.

Plan Expenses

Expenses of administering the plan are paid for from contributions to the plan.

Measurement Date

The most recent valuation was performed as of July 1, 2023, rolled forward to a measurement date of June 30, 2024.

C. Funding Policy

The Town funding policy is to contribute the amount equal to the normal cost, plus a past service payment representing amortization of the unfunded accrued liability.

D. Investments

Funds are invested in the same manner as in the Consolidated Pension Plan Note above.

The following was the Board's adopted asset allocation policy as of June 30, 2024.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return*</u>	<u>Weighting</u>
Fixed Income	24.50 %	2.40 %	0.59 %
U.S. Equity	41.50	7.60	3.15
International Equity	30.00	10.30	3.09
Real Assets	4.00	5.60	0.22
Total Portfolio	<u>100.00 %</u>		<u>7.05</u>
Long-Term Expected Nominal Return			<u>7.05 %</u>

*Long-Term Returns are provided by Fiduciant Advisors. The returns are arithmetic means.

Rate of Return

For the year ended June 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 9.41%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

E. Net Pension Liability (Asset) of the Town

The components of the net pension liability (asset) of the Town at June 30, 2024 were as follows:

Total Pension Liability	\$ 1,657
Plan Fiduciary Net Position	<u>1,646</u>
Town's Net Pension Liability (Asset)	<u>\$ 11</u>

Plan Fiduciary Net Position as a Percentage of the Total Pension Liability 99.34 %

TOWN OF WALLINGFORD, CONNECTICUT

(IN THOUSANDS)

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Wallingford Volunteer Firefighters Length of Service Award Plan (Continued)

E. Net Pension Liability (Asset) of the Town (Continued)

Actuarial Assumptions

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40% (Prior: 2.60%)
Salary Increases	N/A - Members are Volunteers
Investment Rate of Return	7.0%, Including Inflation

Mortality rates were based on the RP-2010 Public Retirement Plans Amount-Weighted Mortality Tables for Safety Employees, projected to the valuation date with Scale MP-2021 (Prior: RP-2000 Mortality Tables).

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return are developed. Best estimates of the real rates of return for each major asset class are included along with the pension plan's long-term target asset allocation. Since the term rates shown above are geometric averages, the impact of asset allocation and rebalancing is not reflected in the expected return. An expected rate of return of 7.00% was used.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension

A. Plan Description

Teachers, principals, superintendents or supervisors engaged in service of public schools are provided with pensions through the Connecticut State Teachers' Retirement System, a cost-sharing multiple-employer defined benefit pension plan administered by the Teachers Retirement Board. Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the Teachers Retirement Board. The Teachers Retirement Board issues a publicly available financial report that can be obtained at www.ct.gov.

B. Benefit Provisions

The plan provides retirement, disability and death benefits. Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut.

Normal Retirement

Retirement benefits for employees are calculated as 2% of the average annual salary times the years of credited service (maximum benefit is 75% of average annual salary during the three years of highest salary).

Early Retirement

Employees are eligible after 25 years of credited service with a minimum of 20 years of Connecticut service, or age 55 with 20 years of credited service with a minimum of 15 years of Connecticut service with reduced benefit amounts.

Disability Retirement

Employees are eligible for service-related disability benefits regardless of length of service. Five years of credited service is required for nonservice-related disability eligibility. Disability benefits are calculated as 2% of average annual salary times credited service to date of disability, but not less than 15% of average annual salary, nor more than 50% of average annual salary.

C. Contributions

Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the state of Connecticut are approved, amended and certified by the State Teachers Retirement Board and appropriated by the General Assembly.

**TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)**

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

C. Contributions (Continued)

Employer (School Districts)

School District employers are not required to make contributions to the plan.

For the year ended June 30, 2024, the amount of “on-behalf” contributions made by the state was \$19,793 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees

Effective July 1, 1992, each teacher is required to contribute 6% of pensionable salary for the pension benefit.

Effective January 1, 2018, the required contribution increased to 7% of pensionable salary.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the Town reports no amounts for its proportionate share of the net pension liability, and related deferred outflows and inflows, due to the statutory requirement that the state pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the Town were as follows:

Town’s Proportionate Share of the Net Pension Liability	\$	-
State’s Proportionate Share of the Net Pension Liability associated with the Town		213,316
Total	\$	<u>213,316</u>

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. At June 30, 2024, the Town has no proportionate share of the net pension liability.

For the year ended June 30, 2024, the Town recognized pension expense and revenue of \$20,424 in Exhibit II.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

E. Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increase	3.00% to 6.50%, Including Inflation
Investment Rate of Return	6.90%, Net of Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2019.

Assumption changes since the prior year are as follows:

- There were no changes in assumptions that affected the measurement of the TPL since the prior measurement date.

Benefit changes since the prior year are as follows:

- There were no changes in benefit provisions that affected the measurement of the TPL since the prior measurement date.

Cost-of-Living Allowance

For teachers who retired prior to September 1, 1992, pension benefit adjustments are made in accordance with increases in the Consumer Price Index, with a minimum of 3% and a maximum of 5% per annum.

For teachers who were members of the Teachers' Retirement System before July 1, 2007, and retire on or after September 1, 1992, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 6% per annum. If the return on assets in the previous year was less than 8.5%, the maximum increase is 1.5%.

For teachers who were members of the Teachers' Retirement System after July 1, 2007, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 5% per annum. If the return on assets in the previous year was less than 11.5%, the maximum increase is 3%, and if the return on the assets in the previous year was less than 8.5%, the maximum increase is 1.0%.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)**

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

E. Actuarial Assumptions (Continued)

Long-Term Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The current capital market assumptions and the target asset allocation as provided by the State of Connecticut Treasurer’s Office are summarized in the following table:

Asset Class	Expected Return	Target Allocation
Domestic Equity Fund	6.80%	37.00 %
Developed Market Intl. Stock Fund	2.90	2.00
Emerging Market Intl. Stock Fund	0.40	13.00
Core Fixed Income Fund	(0.40)	1.00
Private Credit	0.10	5.00
Emerging Market Debt Fund	11.20	15.00
High Yield Bond Fund	6.10	10.00
Real Estate Fund	6.20	10.00
Private Equity	7.70	7.00
Total		<u>100.00 %</u>

F. Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that state contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TOWN OF WALLINGFORD, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024
(IN THOUSANDS)

NOTE 14 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The Town's proportionate share of the net pension liability is \$-0- and, therefore, the change in the discount rate would only impact the amount recorded by the state of Connecticut.

H. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial statements available at www.ct.gov.

I. Other Information

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the Town has no obligation to contribute to the plan.

NOTE 15 CONTINGENT LIABILITIES

The Town is contingently liable in connection with litigation involving personal injury claims, zoning matters, property tax appeals, other miscellaneous suits and unasserted claims. The Town intends to vigorously defend these actions; however, there can be no assurance that the Town will prevail.

The Town Attorney estimates that the potential claims against the Town not covered by insurance resulting from such litigation would not materially affect the financial position of the Town. When it has been determined that the Town faces an exposure in matters of litigation, the Town's policy is to establish an appropriate reserve.

Notes to Schedule:

Valuation Date: July 1, 2023
 Measurement Date: June 30, 2024
 Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine

Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Salary
Remaining Amortization Period	24 Years, Open
Asset Valuation Method	5-Year Smoothed
Inflation	2.40%
Salary Increases:	
Hazardous Plan	Ranges from 2.4% to 8.9%, Based on Age
Non-Hazardous Plan	Ranges from 2.4% to 8.7%, Based on Age
Investment Rate of Return	7.00%

Retirement Age - Hazardous Plan:

Police	22 Years of Service
Fire	23 Years of Service
Lineman	25 Years of Service

Retirement Age - Non-Hazardous Plan:

Public Works	30 Years of Credited Service or Age 62 with 10 Years of Credited Service
Management and Supervisors	30 Years of Credited Service or Age 62 with 10 Years of Credited Service
Electric and Water Division	29 Years of Credited Service or Age 60 with 10 Years of Credited Service

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund, which is the principal fund of the Town, is used to account for all activities of the Town not included in other specific funds. The General Fund accounts for the normal recurring activities of the Town (i.e., police, fire, education, recreation, public works, general government, etc.). These activities are funded principally by property taxes on individuals and businesses, and grants from other governmental units.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are designated or legally restricted to expenditures for specific purposes. The nature and purpose of each special revenue fund is as follows:

Fund	Funding Source	Function
Educational Grants and Programs	State and Federal Grants, Program Income	Specific Education Programs
School Cafeteria	State and Federal Grants, Program Income	Operations of the School Lunch Program
Town Aid Road	State Grant	General Town Road Maintenance
LOCIP Grants	State Grant	General Town Capital Improvement
Small Cities	Federal Grant	Housing
Open Space Resource Management	Fees	Land Preservation
Child Day Care Grant	State Grants	Child Day Care Services
Youth Services Donations	Contributions	Improvement of Youth's Welfare
Young Astronauts Club	Contributions	Explore the Concepts of Astronomy
Council on Substance Abuse Grant	Intergovernmental Revenue and Contributions	Substance Abuse Awareness and Prevention
Narcotics Forfeiture	State and Federal Grants	Drug Enforcement, Training, and Education
Connecticut Resource Recovery Authority Distribution	Contributions	Agreement between Town and CRRA for Refunding of Prepaid Fees
Historic Document Preservation Grant	State Grant and Fees	Preserve Historical Documents
Recreation Department Programs	Program Income	Recreational Programs
Public Health Grants	Federal and State Grants	Public Health
EMP Grant	Federal Grant	Emergency Management
Summer Youth Employment	Federal Grant	Summer Youth Employment
Miscellaneous Grants and Donations	State and Federal Grants/ Contributions	Administer Miscellaneous Programs
Fuel Crisis	Contributions	Energy Bill Assistance to Working Families
Student Activities	Charges for Services	Student Activities
Education Trust	Contributions and Investment Income	Award Scholarships
Dog Pound Trust	Contributions and Investment Income	Improvements to the Dog Pound and General Welfare of Impounded Animals
Parks & Recreation Trust	Contributions and Investment Income	Parks and Recreational Programs
Irving H. Prageman	Contributions and Investment Income	General Upkeep of Prageman Park
Charles R. Clulee	Contributions and Investment Income	Preservation of Monuments and Historical Sites

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

CAPITAL PROJECTS FUNDS

Capital Projects Funds are established in the Town of Wallingford pursuant to local resolutions authorizing specific capital projects. Funding sources are generally comprised of Town appropriated transfers from the General Fund, the receipt of intergovernmental grants and proceeds from the sale of bonds. Expenditures relate to the expansion, improvement or replacement of the Town's capital assets.

PERMANENT FUNDS

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Health Benefits Fund – to provide reserves needed to support health benefit costs.

Workers' Compensation Fund – to provide reserves needed to support workers' compensation claims.

STATISTICAL SECTION

STATISTICAL SECTION INFORMATION

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context and detail to assist in using the information in the financial statements, notes to financial statements and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate own-source revenues (property taxes, charges for services, etc.).
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended: (1) to assist users in understanding the socioeconomic environment, and (2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the table of contents for applicable page number locations.

Sources: Unless otherwise noted, the information in the tables is derived from the annual comprehensive financial report for the relevant year.
