Cathy noted the manufacturer of the Fireworks Island kiosk notified us that a post had rotted prematurely in another installation due to a potential mismatch of red oak and white oak in the kit. The manufacturer will send an instruction for performing an on-site check, to see if it is.

There is continued discussion with Yalesville on the Green condos with regards to the road bridge onto Fireworks Island.

The trail cleanup a few weeks ago was a success and we got most of our punch list items completed, the circular garden mulch looks very good, Rob Baltramaitis at Public Works is going to provide additional mulch to put down.

The pollinator and wildlife project by the Sheehan student is still ongoing. There were 23 bird species counted along the trail.

The MADD plaque still needs to be moved, Jonathan will work with Public Works and see what can be done.

The Step-Up Challenge program ended on October 31st. Cathy showed several possible prizes to give to the complete list of participants.
